Dear Student,

We appreciate your participation in the 2nd Round of CodeKaze 2023. This event showcased the talents of coders nationwide, all vying for a chance to establish themselves in the industry and collaborate with top companies.

Your ranks are as follows:

All India Rank: 6922
College Rank: 9

We regret to inform you that you do not meet the eligibility criteria to participate further in the CodeKaze Hiring Process. However, this does not mark an end but rather a step in your ongoing journey in the world of coding.

We will keep coming back with more such contests for you in the future, and we are sure you will make it count the next time.

Meanwhile, you can start your practice for the next event.

Start Practising

Note :

- If you are on the college-specific merit list, you will receive a separate mail for the rewards (College Specific Rewards are only for specific colleges where the total registration count in CodeKaze is greater than 200)

- Your CodeKaze Certificates will be sent out in the next two weeks.

Warm Regards,
Coding Ninjas
